

PUBLIC NOTICES

NEW MEXICO ENVIRONMENTAL IMPROVEMENT BOARD NOTICE OF STATE IMPLEMENTATION PLAN HEARING.

The New Mexico Environmental Improvement Board ("Board") will hold a public hearing on June 2, 3 or 4, 2011 in Farmington, New Mexico at San Juan College, 4601 College Blvd. The hearing will commence immediately following the hearing in EIB No. 11-01 (R), scheduled for June 2 - 4 (as necessary), 2011 at the same location. The New Mexico Environment Department ("NMED") is proposing to adopt revisions to the New Mexico State Implementation Plan to satisfy the requirements of Clean Air Act Section 110(a)(2)(D)(i)(II) with respect to visibility for the 8-hour ozone and particulate matter under 2.5 microns in diameter (PM_{2.5}) National Ambient Air Quality Standards promulgated in July 1997.

The proponent of this regulatory adoption and revision is the New Mexico Environment Department ("NMED").

The purpose of the public hearing is to consider and take possible action on a petition from NMED regarding revisions to New Mexico's State Implementation Plan (SIP). The "Good Neighbor" provision of the Clean Air Act (CAA) at Section 110(a)(2)(D)(i) requires that each state implementation plan (SIP) submitted to EPA must address emissions from within the state that affect other states through interstate transport. The NMED's Best Available Retrofit Technology (BART) determination for nitrogen dioxide for the San Juan Generating Station (SJGS) calls for an emission rate of 0.23 pounds per million British thermal units (lbs/mmBtu). In order to address the separate requirement to satisfy Section 110(a)(2)(D) for sulfur dioxide, SJGS has agreed to a permit modification to implement a limit of 0.15 lbs/mmBtu for sulfur dioxide. These nitrogen dioxide and sulfur dioxide emission limits ensures that New Mexico will meet or exceed the expectations of neighboring states for visibility.

The proposed revised plan may be reviewed during regular business hours at the NMED Air Quality Bureau office, 1301 Siler Road, Building B, Santa Fe, New Mexico. The full text of NMED's proposed State Implementation Plan is available on NMED's web site at www.nmenv.state.nm.us, or by contacting Rita Bates at (505) 476-4304 or by email at rita.bates@state.nm.us.

The hearing will be conducted in accordance with 20.1.1 NMAC (Rulemaking Procedures - Environmental Improvement Board), the Environmental Improvement Act, Section 74-1-9 NMSA 1978, the Air Quality Control Act, Section 74-2-6 NMSA 1978, and other applicable procedures.

All interested persons will be given reasonable opportunity at the hearing to submit relevant evidence, data, views and arguments, orally or in writing, to introduce exhibits, and to examine witnesses. Persons wishing to present technical testimony must file with the Board a written notice of intent to do so. The notice of intent shall:

- (1) identify the person for whom the witness(es) will testify;
- (2) identify each technical witness that the person intends to present and state the qualifications of the witness, including a description of their education and work background;
- (3) include a copy of the direct testimony in narrative form of each technical witness and state the anticipated duration of the testimony of that witness;
- (4) attach each exhibit anticipated to be offered by that person at the hearing; and
- (5) attach the text of any recommended modifications to the proposed new and revised regulations.

Notices of intent for the hearing must be received in the Office of the Board not later than 5:00 pm on May 17, 2011, and should reference the docket number, EIB 11-02 (R), and the date of the hearing. Notices of intent to present technical testimony should be submitted to:

NEW MEXICO ENVIRONMENTAL IMPROVEMENT BOARD NOTICE OF STATE IMPLEMENTATION PLAN AND RULEMAKING HEARING

The New Mexico Environmental Improvement Board ("Board") will hold a public hearing on June 1, 2011 at 9:00 a.m. in Room 307 at the State Capitol Building (Roundhouse), 490 Old Santa Fe Trail, Santa Fe, New Mexico, continuing on June 2 and, if necessary, June 3 and 4, 2011 in Farmington, New Mexico at San Juan College, 4601 College Blvd. The New Mexico Environment Department ("NMED") is proposing to adopt revisions to the New Mexico State Implementation Plan for Regional Haze. The proposed plan establishes requirements for New Mexico to meet the requirements of 40 CFR Section 51.309, including a determination of Best Available Retrofit Technology for nitrogen oxides and particulate matter for the San Juan Generating Station. Revisions to 20.2.73 NMAC and 20.2.81 NMAC are also proposed.

The proponent of this regulatory adoption and revision is the New Mexico Environment Department ("NMED").

The purpose of the public hearing is to consider and take possible action on a petition from NMED regarding revisions to New Mexico's State Implementation Plan under the federal regional haze rule, 40 CFR Section 51.309. The regional haze rule requires states to submit State Implementation Plans to address visibility impairment caused by regional haze in 156 federally-protected parks and wilderness areas, known as Class I areas, including nine such areas in New Mexico. Revisions to 20.2.73 NMAC and 20.2.81 NMAC are also proposed to conform those rules to federal requirements for the regional haze program.

The proposed revised regulations and plan may be reviewed during regular business hours at the NMED Air Quality Bureau office, 1301 Siler Road, Building B, Santa Fe, New Mexico. The full text of NMED's proposed revised State Implementation Plan and regulations are available on NMED's web site at www.nmenv.state.nm.us, or by contacting Rita Bates at (505) 476-4304 or by email at rita.bates@state.nm.us.

The hearing will be conducted in accordance with 20.1.1 NMAC (Rulemaking Procedures - Environmental Improvement Board), the Environmental Improvement Act, Section 74-1-9 NMSA 1978, the Air Quality Control Act, Section 74-2-6 NMSA 1978, and other applicable procedures.

All interested persons will be given reasonable opportunity at the hearing to submit relevant evidence, data, views and arguments, orally or in writing, to introduce exhibits, and to examine witnesses. Persons wishing to present technical testimony must file with the Board a written notice of intent to do so. The notice of intent shall:

- (1) identify the person for whom the witness(es) will testify;
- (2) identify each technical witness that the person intends to present and state the qualifications of the witness, including a description of their education and work background;
- (3) include a copy of the direct testimony in narrative form of each technical witness and state the anticipated duration of the testimony of that witness;
- (4) attach each exhibit anticipated to be offered by that person at the hearing; and
- (5) attach the text of any recommended modifications to the proposed new and revised regulations.

Notices of intent for the hearing must be received in the Office of the Board not later than 5:00 pm on May 17, 2011, and should reference the docket number, EIB 11-01 (R), and the date of the hearing. Notices of intent to present technical testimony should be submitted to:

NOTICE OF STATE IMPLEMENTATION
PLAN AND RULEMAKING
HEARING**

The New Mexico Environmental Improvement Board ("Board") will hold a public hearing on June 1, 2011 at 9:00 a.m. in Room 307 of the State Capitol Building (Roundhouse), 400 Old Santa Fe Trail, Santa Fe, New Mexico, continuing on June 2 and, if necessary, June 3 and 4, 2011 in Farmington, New Mexico at San Juan College, 4601 College Blvd. The New Mexico Environmental Department ("NMED") is proposing to adopt revisions to the New Mexico State Implementation Plan for Regional Haze. The proposed plan establishes requirements for New Mexico to meet the requirements of 40 CFR Section 51.309, (including a determination of Best Available Retrofit Technology for nitrogen oxides and particulate matter for the San Juan Generating Station. Revisions to 20.2.70 NMAC and 20.2.81 NMAC are also proposed.

The proponent of this regulatory action and revision is the New Mexico Environmental Department ("NMED").

The purpose of the public hearing is to consider and take possible action on a petition from NMED regarding revisions to New Mexico's State Implementation Plan under the federal regional haze rule, 40 CFR Section 51.309. The regional haze rule requires states to submit State Implementation Plans to address visibility impairment caused by regional haze in 154 federally-protected parks and wilderness areas, known as Class I areas, including nine such areas in New Mexico. Revisions to 20.2.73 NMAC and 20.2.81 NMAC are also proposed to conform those rules to federal requirements for the regional haze program.

The proposed revised regulations and plan may be reviewed during regular business hours at the NMED Air Quality Bureau office, 1201 Siler Road, Building B, Santa Fe, New Mexico. The text of NMED's proposed revised State Implementation Plan and regulations are available on NMED's web site at www.nmenv.state.nm.us, or by contacting Jills Bates at (505) 476-6904 or by email at jills.bates@state.nm.us.

The hearing will be conducted in accordance with 20.1.1 NMAC (Rulemaking Procedures - Environmental Improvement Board), the Environmental Improvement Act, Section 74-9 NMSA 1978, the Air Quality Control Act, Section 74-2-6 NMSA 1978, and other applicable procedures.

All interested persons will be given reasonable opportunity of the hearing to submit relevant evidence, data, views, and comments, orally or in writing, to introduce exhibits, and to examine witnesses. Persons wishing to present technical testimony must file with the Board a written notice of intent to do so. The notice of intent shall:

- (1) identify the person for whom the witness(es) will testify;
- (2) identify each technical witness that the person intends to present and state the qualifications of the witness, including a description of their education and work background;
- (3) include a copy of the direct testimony in narrative form of each technical witness and state the anticipated duration of the testimony of that witness;
- (4) attach each exhibit anticipated to be offered by that person of the hearing; and
- (5) attach the text of any recommended modifications to the proposed new and revised regulations.

Notices of intent for the hearing must be received in the Office of the Board not later than 5:00 p.m. on May 17, 2011, and should reference the docket number, EIB 11-01 (R), and the date of the hearing. Notices of intent to present technical testimony should be submitted to:

JUNTA DE MEJORAMIENTO AMBIENTAL DE NUEVO MEXICO AVISO DE AUDIENCIA DE PLAN DE IMPLEMENTACION ESTATAL Y REGULAMENTACION

La Junta para el Mejoramiento Ambiental de Nuevo Mexico (en adelante "la Junta") celebrara una audiencia publica el dia 1 de junio de 2011 a las 9:00 a.m. en la Sala 307 del State Capitol Building (Room 307) situado en 494 Old Santa Fe Trail, Santa Fe, Nuevo Mexico, que continuara el 2 de junio y si es necesario el 3 y 4 de junio de 2011 en Farmington, Nuevo Mexico en San Juan College, 4801 Col. Jesse Blvd. El Departamento del Medio Ambiente de Nuevo Mexico (en adelante "NMAED") esta proponiendo aprobar una revision del Plan de Implementacion Estatal de Nuevo Mexico para la Nebina Regional. El plan propuesto establece los requisitos para que Nuevo Mexico cumpla con los requisitos de 40 CFR Sección 51.309 que incluye una determinación de la Mejor Tecnología Disponible de Modernización para el oxido de nitrógeno y las materias en particular de la Estación Generadora de San Juan. También se están proponiendo revisiones a 20.2.73 NMAC y 20.2.81 NMAC.

El propósito de esta adopción y revisión regulatoria es el Departamento del Medio Ambiente de Nuevo Mexico (NMAED).

El propósito de esta audiencia pública es considerar y tomar posibles acciones basadas en una petición del NMAED en relación a las revisiones del Plan de Implementación Estatal de Nuevo Mexico bajo la norma federal de neblina regional 40 CFR Sección 51.309. La norma de neblina regional requiere que los estados que remitan sus Planes de Implementación Estatal que aborden la reducción de visibilidad causada por la neblina regional en 155 parques y conocidos como áreas Clase I que incluyen nueve de dichos áreas localizadas en Nuevo Mexico. También se han propuesto revisiones a 20.2.73 NMAC y 20.2.81 NMAC para adecuar estas normas a los requisitos federales para el programa de neblina regional.

El plan propuesto puede revisarse durante los horas hábiles normales en la oficina de la Agencia de Calidad del Aire del NMAED, 1201 Silver Road, Building B, Santa Fe, Nuevo Mexico, en el sitio web del NMAED en www.environment.nm.us o comunicándose con Rita Bates al (505) 476-4304 o rita.bates@state.nm.us.

La audiencia se celebrará bajo 20.1.1 NMAC (Procedimientos para la creación de reglamentos del Consejo de mejoramiento del medio ambiente), la Environmental Improvement Act (Ley de mejoramiento de medio ambiente) Sección 74-1-2, NMSA 1978, la Air Quality Control Act (Ley de control de la calidad del aire), Sección 74-2-4, NMSA 1978, además de órdenes de programación, de procedimientos y otras, presentados por el Consejo o el Funcionario de audiencias, y otros procedimientos pertinentes.

Se dará a todos los interesados una oportunidad razonable durante la audiencia para presentar algún testimonio pertinente; datos, puntos de vista o argumentos, tanto oralmente como por escrito, presentar evidencia e interrogar a los testigos.

Todos aquellos personas que deseen presentar testimonio técnico deberán presentar una notificación por escrito de sus intenciones, que incluya lo siguiente:

- (1) identificar la persona por la cual el (los) testigo (s) van a testificar;
- (2) identificar a cada uno de los testigos técnicos que la persona tiene la intención de presentar, y mencionar las calidades de la testigo, incluido una descripción de su carrera académica y antecedentes laborales;
- (3) incluir una copia del testimonio directo de cada uno de los testigos técnicos, y mencionar la duración esperada del testimonio de ese testigo;
- (4) adjuntar todas las pruebas físicas que espera presentar, incluido cualquier declaración de razones para la adopción de los reglamentos;
- (5) adjuntar el texto de cualesquiera modificaciones recomendadas al cambio regulatorio propuesta.

La notificación de intención deberá identificar el número de la agenda, EIB No. 18-0012. Las notificaciones de intención deberán recibirse en la oficina del Consejo a más tardar a las 5:00 p.m. el 17 de mayo de 2011. A continuación se menciona la dirección de la oficina del Consejo.

NEW MEXICO ENVIRONMENTAL IMPROVEMENT BOARD

NEW MEXICO ENVIRONMENTAL IMPROVEMENT BOARD NOTICE OF STATE IMPLEMENTATION PLAN AND RULEMAKING HEARING

The New Mexico Environmental Improvement Board ("Board") will hold a public hearing on June 1, 2011 at 9:00 a.m. in Room 307 at the State Capitol Building (Roundhouse), 490 Old Santa Fe Trail, Santa Fe, New Mexico, continuing on June 2 and, if necessary, June 3 and 4, 2011 in Farmington, New Mexico at San Juan College, 4601 College Blvd. The New Mexico Environment Department ("NMED") is proposing to adopt revisions

to the New Mexico State Implementation Plan for Regional Haze. The proposed plan establishes requirements for New Mexico to meet the requirements of 40 CFR Section 51.309, including a determination of Best Available Retrofit Technology for nitrogen oxides and particulate matter for the San Juan Generating Station. Revisions to 20.2.73 NMAC and 20.2.81 NMAC are also proposed.

The proponent of this regulatory adoption and revision is the New Mexico Environment Department ("NMED").

The purpose of the public hearing is to consider and take possible action on a petition from NMED regarding revisions to New Mexico's State Implementation Plan under the federal regional haze rule, 40 CFR Section 51.309. The regional haze rule requires states to submit State Implementation Plans to address visibility impairment caused by regional haze in 156 federally-protected parks and wilderness areas, known as Class I areas, including nine such areas in New Mexico. Revisions to 20.2.73 NMAC and 20.2.81 NMAC are also proposed to conform those rules to federal requirements for the regional haze program.

The proposed revised regulations and plan may be reviewed during regular business hours at the NMED Air Quality Bureau office, 1301 Siler Road, Building B, Santa Fe, New Mexico. The full text of NMED's proposed revised State Implementation Plan and regulations are available on NMED's web site at www.nmenv.state.nm.us, or by contacting Rita Bates at (505) 476-4304 or by email at rita.bates@state.nm.us.

The hearing will be conducted in accordance with 20.1.1 NMAC (Rulemaking Procedures – Environmental Improvement Board), the Environmental Improvement Act, Section 74-1-9 NMSA 1978, the Air Quality Control Act, Section 74-2-6 NMSA 1978, and other applicable procedures.

All interested persons will be given reasonable opportunity at the hearing to submit relevant evidence, data, views and arguments, orally or in writing, to introduce exhibits, and to examine witnesses. Persons wishing to present technical testimony must file with the Board a written notice of intent to do so. The notice of intent shall:

- (1) identify the person for whom the witness(es) will testify;
- (2) identify each technical witness that the person intends to present and state the qualifications of the witness, including a description of their education and work background;
- (3) include a copy of the direct testimony

in narrative form of each technical witness and state the anticipated duration of the testimony of that witness;

(4) attach each exhibit anticipated to be offered by that person at the hearing; and
(5) attach the text of any recommended modifications to the proposed new and revised regulations.

Notices of intent for the hearing must be received in the Office of the Board not later than 5:00 pm on May 17, 2011, and should reference the docket number, EIB 11-01 (R), and the date of the hearing. Notices of intent to present technical testimony should be submitted to:

Felicia Orth, Acting Board Administrator
Office of the Environmental Improvement Board
Harold Runnels Building
1190 St. Francis Dr., Room 2150-N
Santa Fe, NM 87502
Phone: (505) 827-0339, Fax (505) 827-2836

Any member of the general public may testify at the hearing. No prior notification is required to present non-technical testimony at the hearing. Any such member may also offer exhibits in connection with his testimony, so long as the exhibit is not unduly repetitious of the testimony.

A member of the general public who wishes to submit a written statement for the record, in lieu of providing oral testimony at the hearing, shall file the written statement prior to the hearing, or submit it at the hearing.

Persons having a disability and needing help in being a part of this hearing process should contact Judy Bentley by May 17, 2011 at the NMED, Personnel Services Bureau, P.O. Box 5469, 1190 St. Francis Drive, Santa Fe, New Mexico, 87502-5469, telephone 505-827-9872. TDY users please access her number via the New Mexico Relay Network at 1-800-659-8331.

The Board may make a decision on the proposed revised state implementation plan and regulations at the conclusion of the hearing, or the Board may convene a meeting at a later date to consider action on the proposal.

NEW MEXICO DEPARTMENT OF HEALTH

NOTICE OF PUBLIC HEARING

The New Mexico Department of Health will hold a public hearing on 7.4.7 NMAC "Human Immunodeficiency Virus Partner Service." The Hearing will be held on Friday, April 8, 2011 beginning at 9:30 a.m. in the Harold Runnels Building Auditorium, located at 1190 St. Francis Drive, Santa Fe, New Mexico.

The public hearing will be conducted to receive public comment regarding proposed promulgated rules.

A copy of the proposed rules can be obtained by requesting by email from:

Andrew A. Gans, MPH

NEW MEXICO ENVIRONMENTAL IMPROVEMENT BOARD

NEW MEXICO ENVIRONMENTAL IMPROVEMENT BOARD NOTICE OF STATE IMPLEMENTATION PLAN HEARING

The New Mexico Environmental Improvement Board ("Board") will hold a public hearing on June 2, 3 or 4, 2011 in Farmington, New Mexico at San Juan College, 4601 College Blvd. The hearing will commence immediately following the hearing in EIB No. 11-01 (R), scheduled for June 2 - 4 (as necessary), 2011 at the same location. The New Mexico Environment Department ("NMED") is proposing to adopt revisions to the New Mexico State Implementation Plan to satisfy the requirements of Clean Air Act Section 110(a)(2)(D)(i)(II) with respect to visibility for the 8-hour ozone and particulate matter under 2.5 microns in diameter (PM 2.5) National Ambient Air Quality Standards promulgated in July 1997.

The proponent of this regulatory adoption and revision is the New Mexico Environment Department ("NMED").

The purpose of the public hearing is to consider and take possible action on a petition from NMED regarding revisions to New Mexico's State Implementation Plan (SIP). The "Good Neighbor" provision of the Clean Air Act (CAA) at Section 110(a)(2)(D)(i) requires that each state implementation plan (SIP) submitted to EPA must address emissions from within the state that affect other states through interstate transport. The NMED's Best Available Retrofit Technology (BART) determination for nitrogen dioxide for the San Juan Generating Station (SJGS) calls for an emission rate of 0.23 pounds per million British thermal units (lbs/mmBtu). In order to address the separate requirement to satisfy Section 110(a)(2)(D) for sulfur dioxide, SJGS has agreed to a permit modification to implement a limit of 0.15 lbs/mmBtu for sulfur dioxide. These nitrogen dioxide and sulfur dioxide emission limits ensures that New Mexico will meet or exceed the expectations of neighboring states for visibility.

The proposed revised plan may be reviewed during regular business hours at the NMED Air Quality Bureau office, 1301 Siler Road, Building B, Santa Fe, New Mexico. The full text of NMED's proposed State Implementation Plan is available on NMED's

web site at www.nmenv.state.nm.us, or by contacting Rita Bates at (505) 476-4304 or by email at rita.bates@state.nm.us.

The hearing will be conducted in accordance with 20.1.1 NMAC (Rulemaking Procedures – Environmental Improvement Board), the Environmental Improvement Act, Section 74-1-9 NMSA 1978, the Air Quality Control Act, Section 74-2-6 NMSA 1978, and other applicable procedures.

All interested persons will be given reasonable opportunity at the hearing to submit relevant evidence, data, views and arguments, orally or in writing, to introduce exhibits, and to examine witnesses. Persons wishing to present technical testimony must file with the Board a written notice of intent to do so. The notice of intent shall:

- (1) identify the person for whom the witness(es) will testify;
- (2) identify each technical witness that the person intends to present and state the qualifications of the witness, including a description of their education and work background;
- (3) include a copy of the direct testimony in narrative form of each technical witness and state the anticipated duration of the testimony of that witness;
- (4) attach each exhibit anticipated to be offered by that person at the hearing; and
- (5) attach the text of any recommended modifications to the proposed new and revised regulations.

Notices of intent for the hearing must be received in the Office of the Board not later than 5:00 pm on May 17, 2011, and should reference the docket number, EIB 11-02 (R), and the date of the hearing. Notices of intent to present technical testimony should be submitted to:

Felicia Orth, Acting Board Administrator
Office of the Environmental Improvement Board
Harold Runnels Building
1190 St. Francis Dr., Room 2150-N
Santa Fe, NM 87502
Phone: (505) 827-0339, Fax (505) 827-2836

Any member of the general public may testify at the hearing. No prior notification is required to present non-technical testimony at the hearing. Any such member may also offer exhibits in connection with his testimony, so long as the exhibit is not unduly repetitious of the testimony.

A member of the general public who wishes to submit a written statement for the record,

in lieu of providing oral testimony at the hearing, shall file the written statement prior to the hearing, or submit it at the hearing.

Persons having a disability and needing help in being a part of this hearing process should contact Judy Bentley by May 17, 2011 at the NMED, Personnel Services Bureau, P.O. Box 5469, 1190 St. Francis Drive, Santa Fe, New Mexico, 87502-5469, telephone 505-827-9872. TDY users please access her number via the New Mexico Relay Network at 1-800-659-8331.

The Board may make a decision on the proposed revised state implementation plan at the conclusion of the hearing, or the Board may convene a meeting at a later date to consider action on the proposal.

**JUNTA DE MEJORAMIENTO
AMBIENTAL DE
NUEVO MEXICO
AVISO DE AUDIENCIA DE
PLAN DE IMPLEMENTACION
ESTATAL**

La Junta para el Mejoramiento Ambiental de Nuevo Mexico (en adelante "la Junta") celebrara una audiencia publica el dia 2, 3 o 4 de junio de 2011 en Farmington, Nuevo Mexico en San Juan College, 4601 College Blvd. Esta audiencia comenzara inmediatamente despues de la audiencia por los asuntos en EIB No. 11-01 (R) programado del 2 al 4 de junio (si es necesario) del 2011 en el mismo lugar. El Departamento del Medio Ambiente de Nuevo Mexico (en adelante "NMED") esta proponiendo aprobar una revision del Plan de Implementacion Estatal de Nuevo Mexico con el fin de cumplir los requisitos de la Ley de Aire Limpio, Sección 110 (a)(2)(D)(ii) en relacion a la visibilidad del nivel de ozono de 8 horas y particular de materia por debajo de los 2.5 micras de diametro (PM 2.5) contemplados en los Estandares Ambientales Nacionales de Calidad del Aire promulgados en Julio de 1997.

El proponente de esta adopcion y revision regulatoria es el Departamento del Medio Ambiente de Nuevo Mexico (NMED).

El proposito de esta audiencia publica es considerar y tomar posibles acciones basadas en una petition del NMED en relacion a las revisiones del Plan de Implementacion Estatal de Nuevo Mexico (SIP, por sus siglas en Ingles). La clausula del "Buen Vecino" de la Ley de Aire Limpio (CAA) en la Sección 110 (a) (2) (D) (ii) requiere cada plan de implementacion estatal (SIP) remitido a EPA debe tratar sobre las emisiones producidas en el estado que afecta otros estados a traves del transporte interestatal. La Mejor Tecnologia Disponible de Modernizacion (BART, por sus siglas en Ingles) del Departamento de Medio Ambiente de Nuevo Mexico (NMED) determino que el dióxido de nitrógeno que emite la Estacion Generadora de San Juan (SJGS) tiene un indice de de 0.23 libras por cada millon de unidades termiales britanicas (lbs/mmBtu). Para abordar los requisitos individuales para cumplir lo dispuesto en la Sección 110(a) (2) (D) sobre el dióxido de azufre, la SJGS ha aceptado una modificacion de permiso para implementar un limite de 0.15 lbs/mmBtu para el dióxido de azufre. Estos limites en las emisiones de dióxido de nitrógeno y dióxido de azufre aseguran que Nuevo Mexico cumpla o exceda las expectativas de visibilidad de los estados vecinos.

El plan propuesto puede revisarse durante las horas habiles normales en la oficina de la Agencia de Calidad del Aire del NMED, 1301 Sier Road, Building B, Santa Fe, Nuevo Mexico, en el sitio web del NMED en www.nmenv.state.nm.us, o comunicandose con Rita Bates al (505) 476-4304 o rita.bates@state.nm.us.

La audiencia se celebrara bajo 20.1.1 NMAC (Procedimientos para la creacion de reglamentos del Consejo de mejoramiento del medio ambiente), la Environmental Improvement Act (Ley de mejoramiento de medio ambiente), Sección 74-1-9, NMSA 1978, la Air Quality Control Act (Ley de control de la calidad del aire), Sección, 74-2-8, NMSA 1978, ademas de ordenes de programacion, de procedimientos y otras presentados por el Consejo o al Funcionario de audiencias, y otros procedimientos pertinentes.

Se dara a todos los interesados una oportunidad razonable durante la audiencia para presentar algun

testimonio pertinente, datos, puntos de vista o argumentos, tanto oralmente como por escrito, presentar evidencia e interrogar a los testigos.

Todas aquellas personas que deseen presentar testimonio tecnico deberan presentar una notificacion por escrito de sus intenciones, que incluya lo siguiente:

- (1) identificar la persona por la cual el (los) testigo (s) van a testificar;
- (2) identificar a cada uno de los testigos tecnicos que la persona tiene la intencion de presentar y mencionar las aptitudes de la testigo, incluida una descripcion de su carrera academica y antecedentes laborales;
- (3) incluir una copia del testimonio directo de cada uno de los testigos tecnicos, y mencionar la duracion esperada del testimonio de ese testigo;
- (4) adjuntar todas las pruebas fisicas que espera presentar, incluido cualquier declaracion de razones para la adopcion de los reglamentos;
- (5) adjuntar el texto de cualesquiera modificaciones recomendadas al cambio reglamentario propuesto.

La notificacion de intencion debera identificar el numero de la agenda, EIB No. 10-05(R). Las notificaciones de intencion deberan recibirse en la oficina del Consejo a mas tardar a las 5:00 p.m. el 17 de mayo de 2011. A continuacion se menciona la direccion de la oficina del Consejo.

NEW MEXICO ENVIRONMENTAL IMPROVEMENT BOARD NOTICE OF STATE IMPLEMENTATION PLAN AND RULEMAKING HEARING

The New Mexico Environmental Improvement Board (EIB) will hold a public hearing on June 1, 2011 at 9:00 a.m. in Room 307 at the State Capitol Building (Roundhouse), 490 Old Santa Fe Trail, Santa Fe, New Mexico, continuing on June 2 and, if necessary, June 3 and 4, 2011 in Farmington, New Mexico at San Juan College, 4601 College Blvd. The New Mexico Environmental Department (NMED) is proposing to adopt revisions to the New Mexico State Implementation Plan for Regional Haze. The proposed plan establishes requirements for New Mexico to meet the requirements of 40 CFR Section 51.309, including a determination of Best Available Retrofit Technology for nitrogen oxides and particulate matter for the San Juan Generating Station. Revisions to 20.2.73 NMAC and 20.2.81 NMAC are also proposed.

The proponent of this regulatory adoption and revision is the New Mexico Environment Department (NMED).

The purpose of the public hearing is to consider and take possible action on a petition from NMED regarding revisions to New Mexico's State Implementation Plan under the federal regional haze rule, 40 CFR Section 51.309. The regional haze rule requires states to submit State Implementation Plans to address visibility impairment caused by regional haze in 156 federally-protected parks and wilderness areas, known as Class I areas, including nine such areas in New Mexico. Revisions to 20.2.73 NMAC and 20.2.81 NMAC are also proposed to conform those rules to federal requirements for the regional haze program.

The proposed revised regulations and plan may be reviewed during regular business hours at the NMED Air Quality Bureau office, 1301 Siler Road, Building B, Santa Fe, New Mexico. The full text of NMED's proposed revised State Implementation Plan and regulations are available on NMED's website at www.nmenv.state.nm.us, or by contacting Rita Bates at (505) 476-4304 or by email at rita.bates@state.nm.us.

The hearing will be conducted in accordance with 20.1.1 NMAC (Rulemaking Procedures - Environmental Improvement Board), the Environmental Improvement Act, Section 74-1-9 NMSA 1978, the Air Quality Control Act, Section 74-2-6 NMSA 1978, and other applicable procedures.

All interested persons will be given reasonable opportunity at the hearing to submit relevant evidence, data, views and arguments, orally or in writing, to introduce exhibits, and to examine witnesses. Persons wishing to present technical testimony must file with the Board a written notice of intent to do so. The notice of intent shall:

- (1) identify the person for whom the witness(es) will testify;
- (2) identify each technical witness that the person intends to present and state the qualifications of the witness, including a description of their education and work background;
- (3) include a copy of the direct testimony in narrative form of each technical witness and state the anticipated duration of the testimony of that witness;
- (4) attach each exhibit anticipated to be offered by that person at the hearing; and
- (5) attach the text of any recommended modifications to the proposed new and revised regulations.

Notices of intent for the hearing must be received in the Office of the Board not later than 5:00 pm on May 17, 2011, and should reference the docket number, EIB 11-01 (R), and the date of the hearing. Notices of intent to present technical testimony should be submitted to:

Felicia Orth,
Acting Board Administrator
Office of the Environmental
Improvement Board
Harold Runnels Building
1190 St. Francis Dr.,
Room 2150-N
Santa Fe, NM 87502
Phone: (505) 827-0339,
Fax (505) 827-2838

Any member of the general public may testify at the hearing. No prior notification is required to present non-technical testimony at the hearing. Any such member may also offer exhibits in connection with his testimony, so long as the exhibit is not unduly repetitious of the testimony.

A member of the general public who wishes to submit a written statement for the record, in lieu of providing oral testimony at the hearing, shall file the written statement prior to the hearing, or submit it at the hearing.

Persons having a disability and needing help in being a part of this hearing process should contact Judy Bentley by May 17, 2011 at the NMED, Personnel Services Bureau, P.O. Box 5489, 1190 St. Francis Drive, Santa Fe, New Mexico, 87502-5489, telephone 505-827-9872. TDY users please access her number via the New Mexico Relay Network at 1-800-659-8331.

The Board may make a decision on the proposed revised state implementation plan and regulations at the conclusion of the hearing, or the Board may convene a meeting at a later date to consider action on the proposal.

Tambien se estan proponiendo revisiones a 20.2.73 NMAC y 20.2.81 NMAC.

El proponente de esta adopcion y revision regulatoria es el Departamento del Medio Ambiente de Nuevo Mexico (NMED).

El proposito de esta audiencia publica es considerar y tomar posibles acciones basadas en una petition del NMED en relacion a las revisiones del Plan de Implementacion Estatal de Nuevo Mexico bajo la norma federal de neblina regional 40 CFR Seccion 51.309. La norma de neblina regional requiere que los estados que remitan sus Planes de Implementacion Estatal que aborden la reduccion de visibilidad causada por la neblina regional en 156 parques y areas silvestres con proteccion federal, conocidas como areas Clase I que incluyen nueve de dichas areas localizadas en Nuevo Mexico. Tambien se han propuesto revisiones a 20.2.73 NMAC y 20.2.81 NMAC para adecuar estas normas a los requisitos federales para el programa de neblina regional.

El plan propuesto puede revisarse durante las horas habiles normales en la oficina de la Agencia de Calidad del Aire del NMED, 1301 Siler Road, Building B, Santa Fe, Nuevo Mexico, en el sitio web del NMED en www.nmenv.state.nm.us, o comunicandose con Rita Bates al (505) 476-4304 o rita.bates@state.nm.us.

La audiencia se celebrara bajo 20.1.1 NMAC (Procedimientos para la creacion de reglamentos del Consejo de mejoramiento del medio ambiente), la Environmental Improvement Act (Ley de mejoramiento de medio ambiente), Seccion 74-1-9 NMSA 1978, la Air Quality Control Act (Ley de control de la calidad del aire), Seccion 74-2-6 NMSA 1978, ademas de ordenes de programacion, de procedimientos y otras presentados por el Consejo o el Funcionario de audiencias, y otros procedimientos pertinentes.

Se dara a todos los interesados una oportunidad razonable durante la audiencia para presentar algun testimonio pertinente, datos, puntos de vista o argumentos, tanto oralmente como por escrito, presentar evidencia e interrogar a los testigos.

Todas aquellas personas que deseen presentar testimonio tecnico deberan presentar una notificacion por escrito de sus intenciones, que incluya lo siguiente:

- (1) identificar la persona por la cual el (los) testigo (s) van a testificar;
- (2) identificar a cada uno de los testigos tecnicos que la persona tiene la intencion de presentar, y mencionar las aptitudes de la testigo, incluida una descripcion de su carrera academica y antecedentes laborales;
- (3) incluir una copia del testimonio directo de cada uno de los testigos tecnicos, y mencionar la duracion esperada del testimonio de ese testigo;
- (4) adjuntar todas las pruebas fisicas que espere presentar, incluido cualquier declaracion de razones para la adopcion de los reglamentos;
- (5) adjuntar el texto de cualesquiera modificaciones recomendadas al cambio reglamentario propuesto.

La notificacion de intencion debera identificar el numero de la agenda, EIB No. 10-05(R). Las notificaciones de intencion deberan recibirse en la oficina del Consejo a mas tardar a las 5:00 p.m. el 17 de mayo de 2011. A continuacion se menciona la direccion de la oficina del Consejo.
